Hello Jeanine,

Continuing our conversation and per your request, when you open the attached copies of the subcontractors' contracts with the Life Choice Project under the auspices of Caring to Love Ministries. The contracts indicate each agencies' agreement to participate in the Life Choice Project. The only budget that has ever been utilized in this project is the funds allocated in the Services Provider section of the entire Project's budget. Individual agency budgets have never been required as often service delivery can be inconsistent due to a number of variables. Attached, is the LCP Client Services Summary that outlines monthly service delivery by each agency and the allocated funds for the delivery of services.

As it relates to the \$3,600 allocated in the budget for Supplies, this is an extra benefit to contractors outside of the standard services offered to help offset supply expenditures. Each six month period a total of \$1,800 is available to subcontractors based upon a percentage of the number of clients that were served. Please refer to the attached chart.

If you have any further questions or if I may be a further assistance, please feel free to contact me anytime. Please email me that you're in receipt of my email.

Thanking you again,
Dorothy Wallis
